PART TWO

A BUSINESS PLAN FOR YOUR CLUB

Few clubs have carried out a comprehensive analysis of their businesses to enable them to create a business plan. This course will provide you with the tools to do so, and a simple action plan for taking strategic thinking and business planning into your club.

COMMUNICATION & INFLUENCE

Communicating a vision for the club and implementing a strategic plan will require enhanced communication and influencing skills. This course will provide a strategy for building relationships in your club at every level to secure the sustainable success of the organization under your leadership.

TEAM BUILDING

The strength of a team far outweighs that of a group. This course will provide managers with a thorough understanding of a well balanced team and how each member of the team can make a contribution in a club or department. Using the latest Team Role theories, delegates will learn how to build a high performing team and how team dynamics can affect your club. Each manager will complete a pre course questionnaire and the subsequent report will be used as the vehicle for this session and will give managers a template to take back and use at their club.

MANAGING PERFORMANCE

This session will allow you to evaluate the benefits of performance review at your club and provide you with a structured template system and action plan for immediate implementation. For clubs with a system in place, this session will enhance and re-energise your current practice and thereby improve employee engagement.

CONDUCT OR CAPABILITY? INVESTIGATING UNDER PERFORMANCE

Your staff handbook can guide you through the disciplinary or grievance procedures at your club which negatively affect your business. However this session will teach you to address issues before they reach a crisis by showing you how to conduct the essential unbiased investigation aimed at positively supporting staff who may be currently under performing.

PART TWO

SERVICE STANDARDS

Managers will discover the importance of a solid customer focused culture at their club and learn how to identify and set measurable front of house customer service standards. Delegates will ascertain how to use customer feedback to help set and maintain those values and how to implement an assessment programme to monitor the staff adherence. Delegates will also find out how to use this programme to train staff in service standards to achieve consistency throughout the club.

MANAGING CONFLICT

This session will raise the managers' understanding of the background to conflict and the behaviours they can personally display to prevent escalation of those issues which ultimately devour precious time and focus. Managers will learn to recognise their own physical and emotional signals, to help them maintain composure no matter what the source of conflict at the club while choosing to adopt a variety of positive protocols and processes.

TIME MANAGEMENT

As the manager is expected to be the "Jack of All Trades" in their club, this course will help improve personal effectiveness through better management of personal resources. Delegates will identify barriers to their effectiveness caused by themselves and others and employ practical techniques to improve productivity and performance.

LUMINA SPARK

Lumina Spark provides an accurate, personalised reading of an individual's strengths and developmental areas. Whether you're the General manager or new in the club team, it provides rich personal insights and practical benefits for everyone. The Lumina Spark methodology avoids the bias inherent in many other popular psychometrics.

CASE STUDY

Throughout the week of the course delegates will explore a typical club scenario in small workgroups and be invited to share their evolving views on the challenges facing this fictitious club, based on the personal learning outcomes of each education session.

OPTIONAL DIPLOMA EXAMINATION

Having attended Part 1 and Part 2, managers who wish to secure the CMAE Diploma in Club Management may sit this optional examination by completing a work based assignment of the candidates' choosing

RULES OF ATTENDANCE

When attending a Management Development Programme for CMAE there is a demand of being present in the room during the 5-day programme. A delegate needs to attend each session in order to get credits for the entire week.

Expected circumstances

If a delegate knows that he/she will be away for any reason during the week (more than 1 minute), he/she needs to inform the facilitator before starting the course on day 1. It could be communicated with the CMAE office and in certain cases rules could be agreed upon between CMAE and the delegate to make up for the lost time due to the expected circumstances. More than 60 minutes will be dealt by on individual basis depending on what day of the week and the content of that day. Decision will lie with Director of Education.

Unexpected circumstances

As problems/issues can happen during 5 days (or before and after), the delegate might have unexpected circumstances with health issues, transport or family problems that must be dealt with. In those occasions, MDP facilitator will be responsible to make a plan together with the delegate to solve any issues that might occur from this unexpected issue.

Leaving early / Arriving late

CMAE is running a 5-day-programme and you are expected to attend from start to finish. The delegate must look at the starting time as well as the finishing time and is not allowed to leave early (or arrive late) because of then disturbing the education and all delegates on the course. If something is planned – see “Expected circumstances”. Travel problems – see “Unexpected circumstances”.

Consequences of not attending

If for any reason not communicated before or see “unexpected circumstances” the delegate misses more than 60 minutes of the content, he/she will not get the certificate for the week.
