CLUB BENCHMARKING

OUR STORY

Club Benchmarking was founded in the United States in 2009 in response to a clear and urgent need for facts to guide decision making in the private club industry. Soon after becoming involved in governance of his home club in Massachusetts, Founder Ray Cronin realized the discussions and decisions of club boards and committees were being driven by opinion in the absence of facts and data.

Club Benchmarking went on to create the market for data-driven insight in the club industry by gathering financial, operational and compensation data from more than 1,000 clubs. Their efforts began in North America and expanded to Australia in 2013. In late 2022, Club Benchmarking EMEA was born and work began in Europe and Middle East.

In-depth analysis of industry data and accompanying trends has generated fact based insight that is changing the dialogue in club boardrooms and allowing clubs to make sound decisions. Insights range from clarifying the financial outcome in F&B to determining Key Performance Indicators that relate to sustainable financial success over time. Club Benchmarking is on a mission to foster healthier clubs, more empowered managers, and more strategic boards by elevating fact over opinion.

BENCHMARKING PLATFORM SECTIONS

The Club Benchmarking Financial Platform is a subscription-based online management tool that allows you to accurately evaluate and benchmark your club's financial & operational performance against the industry's largest and most accurate standardized database.

CAPITAL PLANNING (COMPASS)

Are you tired of outdated furniture, potholes in the car park, or wondering how to fund replacements like irrigation systems and kitchen equipment? The answer is COMPASS; a comprehensive asset management framework comprising a state of the art, application-specific capital planning software platform backed by Club Benchmarking's proven capital planning process and the support and expertise of our team.

MEMBER ENGAGEMENT BENCHMARKING

Club Benchmarking goes beyond basic members satisfaction to explore what motivated your members to join, what they value most about that connection and how likely they are to stay as members and to encourage others to join.

TEAM ENGAGEMENT BENCHMARKING

Club Benchmarking offers the industry's only benchmarked, club-specific analysis of employee engagement, providing critical perspective on employment practices and club culture through the eyes of your staff

OVERVIEW OF STRATEGY & LEADERSHIP

MDP 3 Strategy and Leadership is aimed at those managers who wish to learn how to enhance their management style and tap into their leadership potential in order to operate the club as a business.

Delegates will understand the responsibilities and characteristics required to exert the appropriate levels of power and influence so that their club can develop its creativity while focusing its strategic aims in line with its established culture and traditions.

Particular attention will be paid to establishing and enhancing an effective working relationship with the Committee, whilst mentoring, developing and leading the staff team. Delegates will also be invited to review their knowledge in all competency areas required to achieve success at their club and in their career.

One key component included within the week's learning is the Lumina Traits and Leadership Assessment. "Lumina Learning" maintains a global network of practitioners who specialise in helping individuals to identify areas of underlying strengths, and make personal development plans to improve their performance and relationships in and out of the workplace. Club Managers across the globe have evaluated the Lumina Portrait as one of the most illuminating sessions within the MDP curriculum.

TESTIMONIALS

"I have taken a huge amount away from this course and can see how each of the subjects can be incorporated in to not only improving the way our club operates but how I can become an effective leader within the team. I thoroughly enjoyed my time listening to others in the room and how their clubs operate and look forward to continuing to network with them in the future" **David Tilbury, General Manager Sheringham Golf Club**

"The MDP3 Strategy and Leadership course in Prague has been a game changer for me in terms of understanding the complexities of successful club management and leadership. The lessons learnt during this course will last a lifetime and have challenged the perceived paradigms associated with a common way of thinking and judgmental bias surrounding strategy. This was further enhanced by sharing this week with likeminded professionals who are all striving to accomplish personal growth in the industry" **Mike McKenna, Deputy General Manager, Amata Springs Country Club**

"MDP 3 was such a truly expanding and joyful experience. Being surrounded by others in the industry who share the same drive and passion for learning created an incredible space. The discussions were so relevant, filled with experience from different parts of our golfing world. Since I work in a country where golf is still developing, it was incredibly valuable for me to step back, gain new perspectives, and learn from those coming from more established golf nations. The lectures and speakers were world-class, but what really made it special was the group itself. The energy, the conversations, and the exchange of knowledge made every moment inspiring. MDP 3 was an unforgettable experience, filled with inspiration, growth, and pure joy in learning" **Anna Crawford, Tyrifjord Golfklubb**

MDP Strategy & Leadership in Prague was a superb week. These weeks, apart from the great education and networking opportunities, simply challenge your mindset and thinking. The Lumina Leader session was a particular highlight and one that has given me much to think about both now and in the future as I develop in the industry." **Charles Molony, Assistant Club Manager, Royal Cinque Ports Golf Club**

RULES OF ATTENDANCE

When attending a Management Development Programme for CMAE there is a demand of being present in the room during the 5-day programme. A delegate needs to attend each session in order to get credits for the entire week.

Expected circumstances

If a delegate knows that he/she will be away for any reason during the week (more than 1 minute), he/she needs to inform the facilitator before starting the course on day 1. It could be communicated with the CMAE office and in certain cases rules could be agreed upon between CMAE and the delegate to make up for the lost time due to the expected circumstances. More than 60 minutes will be dealt by on individual basis depending on what day of the week and the content of that day. Decision will lie with Director of Education.

Unexpected circumstances

As problems/issues can happen during 5 days (or before and after), the delegate might have unexpected circumstances with health issues, transport or family problems that must be dealt with. In those occasions, MDP facilitator will be responsible to make a plan together with the delegate to solve any issues that might occur from this unexpected issue.

Leaving early / Arriving late

CMAE is running a 5-day-programme and you are expected to attend from start to finish. The delegate must look at the starting time as well as the finishing time and is not allowed to leave early (or arrive late) because of then disturbing the education and all delegates on the course. If something is planned – see “Expected circumstances”. Travel problems – see “Unexpected circumstances”.

Consequences of not attending

If for any reason not communicated before or see “unexpected circumstances” the delegate misses more than 60 minutes of the content, he/she will not get the certificate for the week.
